Hopper & Grinder Anti-Static Cleaner

Why was HOPPER & GRINDER CLEANER developed?

Hopper & Grinder Cleaner was developed to provide you with a solvent cleaner with an anti-static compound that will help eliminate static and the chance of plastic eruption in hoppers. It also provides you with optimum employee and machinery protection against static, allowing faster clean up.

DESCRIPTION:

How many times have hopper & grinders been almost virtually impossible for a color change? DAC's Hopper & Grinder Cleaner, with its unique anti-static compound, will make color changes progressively easier, saving you thousands of dollars in employee clean-up hours.

PERFORMANCE CHARACTERISTICS:

- Protects employees and machinery
- Eliminates all static & chances of eruption in hoppers
- Gives lasting residual
- Repeated use gives optimum performance
- Prevents fine powder from building up on metal
- Reduces color changeover & clean-up time
- Extremely cost effective

REMOVAL SPECIFICATIONS:

No removal is necessary!
