

DAC-15151

All Purpose Mold Release

Why was ALL PURPOSE MOLD RELEASE developed?

ALL PURPOSE MOLD RELEASE was developed as a USDA approved mold release that is fully paintable and platable.

DESCRIPTION:

This non-silicone, fully paintable, food approved release does not contain lecithins, unlike some food grade silicones. The DAC All Purpose Mold Release principle is approved as a direct food additive. This universal mold release may safely be used on all thermoplastics, including polycarbonates, styrenes, acrylics, and other sensitive plastics used in urethane R.I.M. molding.

PERFORMANCE CHARACTERISTICS:

- Non-silicone and fully paintable
- Contains no chlorinated solvents
- Reduces chance of carryover & breaking off
- Will not transfer onto parts
- Economical
- Fogging tip for an even coat
- Paintable and platable
- Lasting residual
- USDA approved

REMOVAL SPECIFICATIONS:

If build-up occurs, flush with DAC-103 Universal All Purpose Degreaser.

NPCA Hazardous Materials ID System

Health	1
Flammability	4
Reactivity	0
Personal Protection	*
